Abhishek Dhanappagol

abhishekdhanappagol2004@gmail.com 8088445044 Bangalore, Karnataka LinkedIn

Objective

Recent Computer Science graduate with hands-on experience in JavaScript, React.js, HTML, and CSS. Passionate about building interactive web applications and seeking an entry-level React/Full Stack Developer role to contribute and grow.

Education

Bachelor of Engineering (B.E.), Computer Science, 12/2022 – 06/2026
Dr. Sri Shivakumara Mahaswamy College of Engineering Bangalore, Karnataka
CGPA:8.3

Pre-University (12th Grade), *Alva's PU College* 01/2020 – 02/2022
- State Board | 80% Moodbidri, Karnataka

SSLC (10th Grade), *St.Francis Of Assisi School* 01/2018 – 01/2020
- ICSE Board | 76% Chikodi, Karnataka

Skills

Programming Languages
JavaScript (ES6+), Core Java, SQL

Frontend Technologies
React.js, HTML5, CSS3

AI Developer Tools:
ChatGPT, GitHub Copilot, Google Gemini, Claude

Databases
MySQL, Oracle SQL

Developer Tools
Git, GitHub, Visual Studio Code (VS Code)

React & Web Development:
Components, Props, State, Hooks, Events, Forms, Conditional Rendering, API Integration, Responsive Design

Projects

Academia360 – Student Academic Record Management System
Tech Stack: Node.js, Express.js, MySQL, JWT, bcrypt, HTML5, CSS3, JavaScript

- Built a role-based multi-user platform (Student/Faculty/Admin) with JWT authentication and bcrypt password hashing
- Designed a normalized MySQL schema for multi-institution academic tracking, marks, and attendance
- Developed RESTful APIs for CRUD operations across academic years, subjects, and student records

Furniture Ecommerce – Multi-Page Furniture Storefront
Tech Stack: HTML5, CSS3, JavaScript (ES6+), JSON, LocalStorage

- Built a browser-only ecommerce experience with product browsing, search, and pagination from a JSON dataset
- Implemented cart and wishlist functionality using localStorage, persisted across pages
- Created a buy-now checkout flow supporting single-item and full-cart purchase summaries, with light/dark theme toggle

EXPERIENCE

Full Stack Developer Trainee – Intern | Pentagon Space 02/2026 – Present
- Gained hands-on experience in full-stack development using JavaScript, React.js, Java, and SQL.
- Developed responsive UIs using React.js, HTML5, CSS3, and JavaScript.
- Practiced React components, props, state, hooks, forms, and event handling.
- Worked with backend integration, databases, Git, and GitHub.

CERTIFICATIONS

- Java Full Stack - Pentagon Space
